Subject: RE: CBC Request | Wording on deceleration, motion approved at council

Working on an NR as we correspond. Here is the motion in the interim.

MOTION:

That Council DIRECT Administration to request that the Federal and Provincial governments partner on a long-term sustainable model, including funding, to ensure the security and protection of the international crossings in Windsor, including the Ambassador Bridge; as well as request for funding of all costs incurred to date by the City relative to security and protection measures already undertaken and underway; and

That Council DIRECTS Administration to review the staffing models, including training programs, for City enforcement and security personnel, to ensure the City’s readiness to manage the potential of ongoing protests.

Hey folks -

Is there a written version of the emergency declaration and motion that was approved following the Windsor police delegation?

Thanks,

Chris
